

# OHS

1961-62  
TROJAN  
DIRECTORY

This valuable artifact from our time in Orleans was donated by Chuck Wise, an OHS memorabilia hoarder, to whom we are all thankful. It contains the Faculty and apparently the name of students who were in 9th-12th grades during the 1961-62 school year.

There seems to be some inconsistency in the format of the addresses, which were probably gleaned from cards filled out by students at the beginning of the school year. Some kids were probably brand new to OHS, and the info they entered on the cards wasn't always complete or totally accurate.

In the original booklet some of the printing was bad, there were duplicate pages, and one page was printed upside down. After looking at the cover for a bit, I realized I had drawn the cover.

So if I had anything to do with the production of the interior pages, I apologize for those problems. When putting together this Pdf file, I deleted duplicate pages and made other tweaks.

Despite the aesthetic shortcomings, this will be a valuable resource for alums, I'm sure.

If by chance you have a Student Directory for another school year, please send it to me to share with everyone.
